Advice to Mothers

Have you had baby's photograph taken? It's an art to take baby's photograph as it should be taken. To get his rosy little smile, his pretty little dimple. Such photographs become prized possessions of baby's day in years to come. We have had years of experience in photographing children. They always look their best when we take them. No troublousome posing. Snap them in a jiffy.

Purchased Hartford Bowling Alleys

John J. C. Stone Will Be Engaged In Same Line In Capital City As Here For Past Six Years—Largest in the State.

After negotiations which have been under way for some time, the deal was closed on Thursday whereby John J. C. Stone, who has been the kingpin in the bowling alley business here for a number of years, purchased the Casino alleys of Hartford. Mr. Stone takes charge immediately and will personally conduct the alleys, though for a time he will continue his residence in this city. The deal was put through by Arthur M. Brown, attorney, for Mr. Stone.

The property is located at No. 90 Asylum street, Hartford, and consists of 14 alleys, eight of which are on one floor and six on another. The pool business which is connected with the alleys will be retained by Charles Griffith. The entire business was run by Mr. Stone for many years, and he is now continuing it as a successful proposition. The equipment is nearly new, for the most part, having had but about one year's use. He is also member of the Bowler-Collander company latest make, for four loop the loop returns and the alleys on the first floor have

the Simplex pin splitters. The alleys are all polished and while the big pins have been popular there the bowlers are fast getting interested in the duck-pin game. Mr. Stone is a clever bowler himself and will no doubt be able to stimulate much interest in the sport in Hartford.

Fred Frost, who has been associated with Mr. Stone in the running of the Rose alleys in this city until they were destroyed by fire, will go to Hartford with Mr. Stone, who will also retain the services of Mr. Murphy, who is now clerk at the Casino alleys. The many friends will regret to learn that Mr. Stone is not to rebuild his alleys in this city, as he had awakened a strong interest in the sport during his six years here. He has his best wishes for success in his new field, however, and he opened the Rose alleys here on Nov. 7, 1905, in the Lucas building, which was destroyed by fire this summer. Mr. Stone is popular among the fraternal order, being treasurer of Norwich net of Owls, No. 1394, which office he will retain until term expires. He is also member of Somerset lodge, No. 24, F. and A. M., and a member of Norwich lodge, No. 439, B. P. O. E.

RAINFALL AMOUNTED TO OVER TWO INCHES

Three-Quarters of This Amount Fell During the Day on Friday—Total for the Month 4.33 Inches.

There was practically an average rainfall for the month of August by having the rainman work overtime in the closing hours of the day. In the past two weeks a total of 4.33 inches of rain has fallen, the monthly average for August being 4.33 inches. Up to Thursday morning the rainfall was 2.32 inches. From Thursday morning until Friday morning an inch, but from then on for the remainder of the day there was a hard rain and the measurement one afternoon at five o'clock showed it to have been 1.46 inches or 2.91 inches since Thursday morning.

There was a small amount fallen from the last measurement until midnight that will nearly bring it to the monthly average. Last August the rainfall was 4.34 inches.

This rain will help Fairview greatly and today it will be short, but it was marked at 185 inches, the amount on Thursday but Friday morning the water from Meadow brook was turned on and a severe rain stream was flowing into the reservoir which with the other sources of gain will help it materially.

MONTVILLE REPRESENTATIVE STARTED RETRENCHMENT.

Considered Expenditures for Armories as Needless Extravagance.

The Connecticut house Wednesday voted in favor of the following appropriations for state armories: Danbury \$50,000, Storford \$40,000, Bridgeport \$35,000, Waterbury sum necessary for repairs.

The following appropriations were rejected: Waterbury \$50,000, Manchester, Troy \$40,000, Middletown \$40,000, Winchester \$50,000, Easton \$25,000.

Representative Johnson of Montville protested against the expenditure of \$250,000 for armories as proposed, as needless extravagance.

Mr. Johnson said he understood that the armories of other places and Mrs. W. H. Cadman of Center street, at their summer home at Quaker Hill.

Representative Hall said he did not understand how a man from New London county could oppose an appropriation when the armory at Storford was appropriated for docks in New London county.

He said Danbury has an equipment of guns from the United States government valued at \$30,000 and unless something better than its present drill shed is provided the equipment will be withdrawn.

Representative Bingham of Naugatuck said the armory at the city was kept in swamps, but managed to keep their rifles bright and ready for use. He said the men from the factory and the ditch made good soldiers, but the militia are of no earthly use.

Representative Hutchinson of Essex forced an amendment that the armory at Storford be sold and the money used for the armory at Storford.

Representative Dunn said that New London has received more concessions from the state than any other town, chiefly because of the magnetism of Senator Mahan.

Colonel Taylor was ordered there last spring, being relieved in New London by Captain H. W. Watson. He has been here, having bowled many times against the Arcanum club team.
